RUSSIANS DEVASTATING COUNTRY AS THEY RETREAT

United States Seems Indifferent to Carranza's Actions

CARRANZA FAILS TO SEND REPLY AS TIME LIMIT EXPIRES

Mexican Leader Says United States Must First Answer His Inquiries

VERA CRUZ, Aug. 28.—The hour of 4 o'clock yesterday, marking the expiration of the time limit specified by Secretary of State Lansing and the Latin-American conferees in the Pan-American note delivered to First Chief Carranza under date of August 17, passed without a reply from the Constitutional leader other than the inquiry addressed by him on Monday night to the signers of the note requesting a definition of their authority.

It was only announced this morning through the constitutional bureau of information that Carranza's reply to the ten-day note would not be prepared until Secretary Lansing and the Latin-American diplomats had forwarded a response to his question.

Foreign Minister Acuna reiterated frankly the first chief's determination to withhold his reply until the signers of the Pan-American note had defined their authority.

"In order to answer the note from the secretary of state of the United States and the representatives of the South American republics," he said, "the first chief awaits first a reply by the diplomats to the note which he sent them on the 21st instant."

Preparations for the transfer of the government to Mexico City were practically concluded yesterday afternoon.

U. S. STATE DEPARTMENT TAKES IT COOL

WASHINGTON, Aug. 28.—The State Department has received advices that Carranza is making every effort to establish himself in Mexico City before the peace plan adopted by the Latin-American Conference can be put into execution. It is reported that already some of his officials have gone to Mexico City, taking with them public records and that Carranza will follow today. Whether he replies to the note of the conference before or upon reaching Mexico City, or whether he replies at all, is said to be a matter of indifference to this government.

The elimination of Carranza as a factor in the Mexican situation has been determined upon. There may be some difficulty in carrying it out, but unless present plans are radically changed, this policy will be pursued rigidly.

EXPECT RESISTANCE FROM CARRANZA

General Villa already has agreed to the peace conference and to withdraw as a candidate, and Zapata will do likewise, but Carranza is expected to resist even to the extent of conducting a revolution against the new government that may be set up.

The moral support to be given the provisional president to be chosen under the plan of the Latin-American conference and the placing of an embargo on war materials intended for Carranza, however, are expected to make short work of opposition in that quarter to the establishment of law and order and the installation of a constitutional form of government in Mexico by the people themselves.

Secretary Lansing yesterday would not say whether he would make any reply to Carranza's request to know if the signatories to the note acted in their official capacity. It is understood, however, that Carranza may be informed that the fact that all signers appended their official signatures should be a sufficient indication of the official character of the proceeding.

WANTS PRISON LIKE SAN QUENTIN IS

SALEM, Oregon, Aug. 28.—George Palmer Putnam, secretary to Governor Withcomb, plans to investigate the educational system in vogue at San Quentin prison for the purpose of installing a similar system into the state prison here. Putnam went to San Quentin this afternoon. Gov. Withcomb believes that convict education is a most valuable reform step. He also believes San Quentin's system is one of the best in the country.

HE TAKES PLACE OF "BIG JIM" SULLIVAN

William W. Russell, who got out of his place as minister to San Domingo to make room for "Big Jim" Sullivan, is going back to that country in the same position to take the place of the man whom he had to make room for. Mr. Russell has been in the diplomatic service for years. Sullivan resigned after an investigation by Senator Phelan of California. Mr. Russell is a native of Washington.

COAL STRIKE IS GAINING IN STRENGTH

LONDON, Aug. 28.—The Welsh coal strike is becoming more and more serious. There are now 30,000 out with 170,000 more threatening to quit. Reports from Cardiff and Newport seem to indicate that some of the miners refuse to return to work pending the adjustment of their differences with operators. Great Britain's naval and munitions factories' fuel supply is thus menaced. All miners in Monmouthshire plan to quit tonight unless they are assured the government intends to intervene in behalf of the workers.

David Lloyd George today met the strikers' representatives and had a long conference. The result was inconclusive. They adjourned until next Monday. Walter Runciman, president of the Board of Trade, participated in this conference. On Monday George and Runciman will also confer with the mine owners.

WOUNDED BISHOP IS SLIGHTLY IMPROVED

WINONA, Minn., Aug. 28.—Bishop Heffron, who was shot by Father Lesches yesterday, is slightly improved today. In Catholic circles it is declared that Father Lesches had been worried by the death of a brother at the Flanders battle-front. This caused his health to break down and he failed in his diocese in appointments. Then the bishop refused him any further appointments. The shooting resulted.

REPORT OF INDUSTRIAL RELATIONS COMMISSION BLAMES LOW WAGES FOR COMMERCIAL AND LABOR UNREST

WASHINGTON, D. C., August 28.—Chairman Walsh of the committee appointed to make an investigation of the cause of the unrest in commercial and industrial life and circles in this country at the present time, has given out the following as the advance ideas which will be embodied in the report:

"We find the basic cause of industrial dissatisfaction to be due to low wages, or, stated in another way, to the fact that workers of the nation through compulsory or oppressive methods, legal and illegal, are denied the full product of their toil."

Declaring that the extent and depth of industrial unrest can hardly be exaggerated, Chairman Walsh of the Industrial Relations Commission today announced this finding in a report which was concurred in by Commissioners John B. Lennon, James O'Donnell and Austin B. Garretson. Walsh pointed out the concentration of wealth in the hands of a few, charged oppression and violence by employers and the turning of courts, legislatures and governors to defeat justice. The unrest described was declared to be the latest manifestation

of the age-long struggle of the race for freedom of opportunity of every individual to live a life to its highest ends.

"The unrest of wage earners has been augmented by recent changes and developments in industry. Chief of these are the rapid and universal introduction and extension of machinery of production by which unskilled workers may be substituted for skilled, and equally rapid development in the means of rapid transportation and communication, whereby private capital has been enabled to organize in great corporations, possessing enormous economic power."

The report concludes: "We further find that unrest among workers of industry has grown to such proportions that it already menaces the social good will and peace of the nation. Citizens numbering millions smart under the sense of injustice and oppression, born of a conviction that opportunity is denied them to acquire for themselves and their families that degree of economic well-being necessary for the enjoyment of material and spiritual satisfaction which alone make life worth living."

LITTLE TOT EATS ANT PASTE—DIES

SAN JOSE, Aug. 28.—Frances Keyser, aged two, the daughter of Mr. and Mrs. P. J. Keyser, died today from the effect of ant poisoning. She ate ant paste. Telephone trouble prevented the frantic mother from summoning a physician in time to save the child's life.

RACING CAR HITS SAND PILE WITH DIRE RESULTS

LOS ANGELES, Aug. 28.—Miss Esther Richmond, aged twenty, of San Bernardino, died today as a result of injuries she received this morning when K. E. Ahlberg's racing car hit a sand pile and overturned on Wilshire boulevard. The party was returning from Venice. Louise Murray, also aged twenty, of San Bernardino, has possibly a basal fracture of the brain. She may recover. The police are holding Ahlberg for an investigation. George Brown of Los Angeles was crushed.

CANADA HAS SENT 70,000 MEN TO WAR

OTTAWA, Aug. 28.—Sir George F. Foster, the Canadian minister of trade and commerce, who is the acting premier, was interviewed today and said: "Canada has sent 70,000 men to the battle front. There are 80,000 more now recruited and training. If needed Canada is ready to go even further. On account of her vast resources, Canada does not feel the war burden unduly."

Foster pointed out that the British fleets had swept the enemy's commerce and warships off the seas. Commerce comes and goes between British neutral ports, at comparatively unimportant risks. He said that Canada appreciated the friendship and good will of the Americans.

REVOLUTION AGAIN SWEEPS PORTUGAL

PARIS, Aug. 28.—Lisbon dispatches report there is a new Portuguese revolutionary outbreak there. The revolutionists have seized the barracks at North Oporto. The republican forces have dispersed the insurrectionists and strong repressive measures were taken.

PORTLAND BLOCKS DESTROYED BY FIRE

PORTLAND, Ore., Aug. 28.—Fire last night starting in the plant of the Portland Sash & Door Company, destroyed two blocks of cheap buildings, bounded by Grand avenue, Union, East Mill and Stephens street. The damage is estimated at \$100,000.

While racing across the Hawthorne bridge a fire engine collided with a delivery wagon, reducing it to kindling wood. The firemen were thrown violently to the pavement. One fire horse had to be shot.

SETTLEMENT OF ARABIC CASE IS ACCORDED THE PRECEDENCE

WASHINGTON, Aug. 28.—The United States late yesterday received further assurances from Germany of its determination to accede to the demands of this government regarding the protection of American lives at sea.

Count von Bernstorff, the German ambassador, having received lengthy instructions from Berlin, telephoned the State Department early in the morning and asked for an appointment with Secretary Lansing.

The ambassador informed the Secretary of State that Germany would give "full satisfaction" to the United States for the loss of American lives on the White Star liner Arabic. The German government, he said, would go further than a mere disavowal, as soon as it is definitely established that the vessel was sunk without warning. Secretary Lansing informed the ambassador that the United States considered it had conclusive proof that no warning was given, and the ambassador indicated it is certain that Germany only desired to receive a report of the incident from its own sources.

WILL FIRST SETTLE THE ARABIC CASE

The question of the disavowal of the sinking of the Lusitania and an offer of reparation for the loss of American lives was not taken up, for the reason that the United States has informed Germany it desires the issues in the two cases to be considered separately.

The two governments, therefore, have come to an understanding on that point. This government informed Germany that it would insist on dealing with the Arabic case first. Germany, therefore, will withhold its reply on the Lusitania case, which will close the controversy until the Arabic case has been settled.

After the conference, the ambassador indicated his belief that the negotiations in the Arabic case would be followed by negotiations over the Lusitania. In support of this statement he cited the recent declaration in Berlin that a submarine policy satisfactory to the United States shortly would be made.

The position of the United States is that satisfaction for the sinking of the Arabic should be offered immediately.

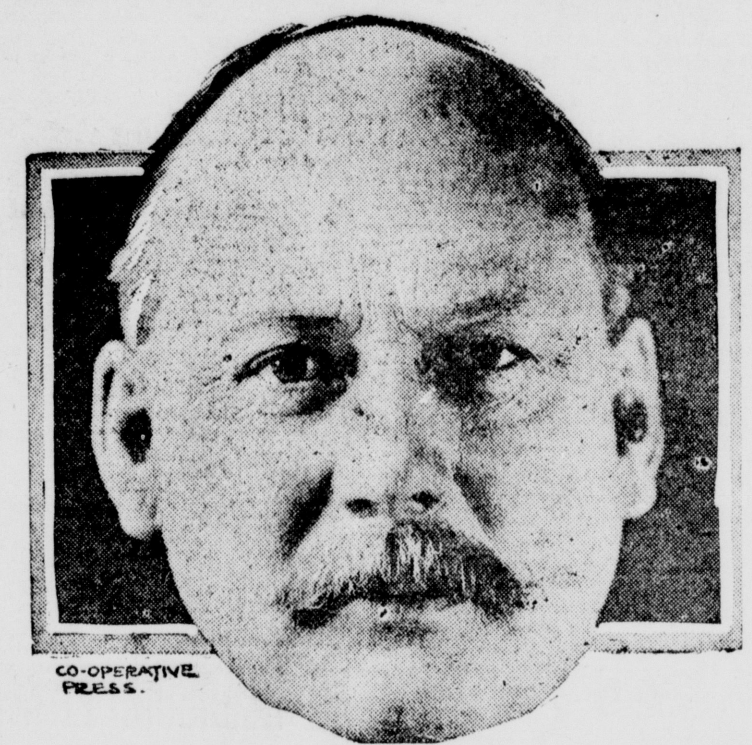

ANTI-AMERICAN FEELING IN BERLIN IS TENSE

LONDON, Aug. 28.—An Amsterdam news agency dispatch stated that anti-American feeling in Berlin is tense. The police were forced to disperse a hostile demonstration in front of the American embassy last night. It is believed here this Amsterdam report should be accepted with reserve. It is not confirmed by other sources of news.

BURIED AT RIVERSIDE

Mrs. Clara Moulton, daughter of Warren Moulton of Riverside, was buried August 27, at Riverside. Deceased was well known in Santa Ana, where she formerly resided.

SENATOR JOHN W. WEEKS, MENTIONED AS REPUBLICAN PRESIDENTIAL CANDIDATE

Senator John W. Weeks of Massachusetts will be one of the strong factors in the National Republican convention of 1916. It is already well understood that he will be among the prominent candidates for the Republican nomination for president.

The career of Senator Weeks has been one of exceptional interest. He was born on April 11, 1860, in the town of Lancaster, N. H., of an old New England family.

He was reared on a farm and after a course of preparatory schooling entered the U. S. Naval Academy at Annapolis, graduating in 1881. For the next two years he served as midshipman in the navy, and on his retirement in 1883 entered the Massachusetts

Naval Brigade, of which he was a member for ten years. The last six years of that decade he was commanding officer of the organization. When the Spanish-American war started he volunteered and was brevetted lieutenant, in command of the second division of the auxiliary fleet.

Previous to entering public life as a Congressman, Senator Weeks had served the municipality of Newton, Mass., where he long resided, as mayor. His interests brought him into close touch with every development of the times. In fact as a member of the well-known banking firm of Hornblower & Weeks he continued his connection with the banking field up to the time he entered the U. S. Senate.

FROST KILLS CROPS; OVERCOATS WORN

CHICAGO, Aug. 28.—The following five words were regarded the biggest news last night in Chicago newspaper offices:

"It's going to be warmer."

After days of weather that broke all precedents for August and caused overcoats to appear on Chicago streets, summer breezes are due to send the thermometer up ten to fifteen degrees. This is the advice over the wires today from Washington. Not, however, until reports had been received from Cadillac, Petoskey and Traverse City, Mich., that the bean, corn, potato and buckwheat crops in northern Michigan are practically ruined as a result of a heavy frost last night. Garden truck also has suffered extensively.

Today the temperature in Sault Ste. Marie touched 32 degrees, and the frost was on the pumpkin vines in interior New York and western and northern New England.

Chicago's cold weather came direct from Medicine Hat. It caused dismay among amusement park concessionaires and resulted in steam being turned on in several office buildings.

DANIELS REVIEWS THE ATLANTIC FLEET

NORFOLK, Va., Aug. 28.—Eight battleships of the Atlantic fleet, with eight destroyers, steamed into Hampton Roads tonight after their cruise down the coast from Boston, where they were reviewed by Secretary Daniels and several state governors on Wednesday.

Several of the destroyers were the new war colors—the stripes of white and gray that make them almost indistinguishable from a short distance at sea.

Always the same and especially good. Dragon Luxury Bread.

ARMED STEAMER BATTLES WITH SUBMARINE VAINLY

Russians Destroy Forts, Then March Out; Leave Ruins to the Germans

BERLIN, Aug. 28.—A German submarine, while attacking Harlingen, England, August 16, is reported to have shelled and destroyed a large benzole factory and warehouse, it is officially announced today. A passenger steamer, carrying guns, vainly attacked the submarine, but was unable to injure the sea-shark.

KAISER DECORATES HIS LIEUTENANTS ON FIELD

BERLIN, Aug. 28.—The Kaiser today decorated the Crown Prince Frederick Wilhelm and the Crown Prince of Bavaria and the Duke of Wurtemberg with the order "Four le Merite."

RUSSIANS EVACUATE RUINED FORTS TO THE GERMANS

PETROGRAD, Aug. 28.—The War Office today denied that the Germans stormed and captured Brest-Litovsk. They admitted that the fort had been evacuated and the fortifications dynamited, but said that the garrison of 100,000 marched out, leaving the Germans to occupy the ruins of the once great stronghold.

BIGSWORTH DID NOT SINK SUBMARINE, GERMAN CLAIM

BERLIN, Aug. 28.—The Admiralty today denied the British claim that Aviator Bigsworth destroyed a German submarine off Ostend. They admitted that the aeroplane attacked the submarine, but stated that the boat reached her port in safety.

LONDON PAPERS PRESIDENT WILSON FOR STAND TAKEN

LONDON, Aug. 28.—The Daily News in a leading editorial today said that President Wilson had struck a great blow for peace and won a splendid diplomatic victory of historic importance in inducing Germany to modify her submarine policy. Both the News and the Standard have accepted the idea that Germany is sincere in her latest representations to America. The imperial government intends to disavow the Arabic sinking and promises that no more passenger liners will be torpedoed.

KAISER COVERS CROWN PRINCE WITH ADULATORY PRAISE

BERLIN, Aug. 28.—Kaiser Wilhelm today telegraphed to the Crown Prince: "This week occurs the anniversary of the battle of Longwy, as the result of which the Fifth army corps, under your leadership, opened the way into the enemy's own country. Success followed success until your task was fulfilled. In establishing the connection between the Western army and our home frontier, north of Verdun, your army fulfilled its task in a manner creating the foundation for our victories in the Eastern theater of war."

The Kaiser lavishes much praise upon his son.

TURKS MAY BE DRAWN INTO WAR WITH GREEKS

ATHENS, Aug. 28.—The Greek political circles today considered the breaking off of Turkish diplomatic relations and possibly a Turkish war as almost inevitable. The censors permitted the publication of the news of Premier Venizelos' preparing a strong protest practically amounting to a Turkish ultimatum. This is a result of fresh persecutions of the Greeks in Asia Minor. It is reliably stated that 300,000 Greeks have been compelled to flee from their homes. The Turks are constantly becoming more arrogant. They seem to believe the Germans will soon send troops to their aid. All Athens is inflamed. An unconfirmed report is that many young Greek girls are kidnapped and sent to Turkish harems. Greek old women and children are forced to work in the Turkish munitions factories, while many able-bodied Greeks are forced to enter the Turkish army.

BRITISH FLEET HAS TARGET PRACTICE AT OSTEND

OSTEND, Aug. 28.—The British fleet today shelled Ostend, Bruges and Middlekerke. The damage they inflicted was of no importance.

RUSSIA RAISING RECRUITS FOR NEW ARMY OF DEFENSE

BERLIN, Aug. 28.—The German forces have launched a new Galician offensive movement. General Von Linzgen has smashed the Russian line along the Zlota and Lipa rivers, it is officially announced. Narew has been captured. The Germans are endeavoring to split the Russian lines before

GIRL WADERS ARE DROWNED IN CURRENT

Only One of Trio Could Swim and She Gave Her Life Trying to Save the Others

SACRAMENTO, Aug. 28.—Three young girls were drowned in the Sacramento river on the Yolo side of the stream last evening, after a splendidly heroic fight by one of them to save her two companions. The three were caught in a heavy current and swept beneath the surface of the water.

The dead: Ella Chambers, 16; Eleanor Sanchez, 13; Gladys Sanchez, 12.

The three girls had gone in wading in the shallow water on the Yolo side of the river between the Southern Pacific and the Oakland and Antioch railroad bridges. They were accompanied by a fourth girl, Abbie Milton.

They were playing in the water gaily, and did not observe how far out they were. Suddenly one of the girls sank.

The companions of the girl who first fell over the "step off" rushed to her aid, and in a moment all the girls were floundering in deep water.

Only one of them, Ella Chambers, the eldest, could swim. She sacrificed her life in a brave attempt to save her younger companions. It is believed that she would have succeeded if the younger girls had not become frantic with fear, clutching her arms and legs so that she was unable to swim.

The bodies have not been recovered.

CONSTITUTION LIES SAYS ALVA ADAMS

BOSTON, Aug. 28.—Former Governor Alva Adams of Colorado, speaking at a suffrage mass meeting last night, characterized the preamble to the federal constitution as a "lie and a delusion" in those states which have not granted woman suffrage. It would never be justified, he said, until women have the vote.

News from the Movie Play Houses

CAMEO KIRBY WILL BE ON AT WEST END

One of the most notable film productions ever made in this country is the picturized version of "Cameo Kirby," perhaps the most important Broadway success ever written by Booth Tarkington and Harry Leon Wilson, which is offered by the Jesse L. Lasky Feature Play Company with Dustin Farnum in the title role.

"Cameo Kirby" is a romance of the South in the days before the war, with love as its main motive and with incidents which include many exciting adventures.

"Cameo Kirby" ran for an entire season in New York about two years ago and was regarded at that time as a distinctive departure. In the midst of a flood of realistic dramas, this romance of the South, with its gentleman hero whose proclivity for gambling gets him into difficulties, and its lovely heroine who believes in the hero in spite of all temptations to mistrust him, made a tremendous sensation.

Dustin Farnum in "Cameo Kirby" is bound to be an even greater attraction than Dustin Farnum in "The Virginian" or "The Squaw Man."

"Cameo Kirby" will be shown at the new West End Theater tomorrow (Sunday), one day only.

In "The Running Fight," released on the Paramount Program and to be seen at the West End Theater Monday, Tuesday and Wednesday, the following cast will be seen:

Peter V. Wilkinson, Robert Cummings; Leslie Wilkinson, Miss Violet Heming; Eliot Beckman, Thorley Bergen; District Attorney Leech, Robert Cain; Colonel Moorhead, William T. Carleton; Madeline Braine, Clarissa Selwynne; Giles Hingsworth, George Pauncefort; Roy Pallister, Alfred Kopp; Bannister Skeen, Philip Robson.

CLEO MADISON, FILM IDOL, AT LYRIC

Tonight's program at the Lyric Theater, using a stage expression, is a "humdinger." Cleo Madison, the idol of the screen, and handsome Hobart Hendley, are featured in "The Flight of a Night Bird," a two-act powerful drama. Gertrude Selby is strongly featured in a two-act LKO comedy, "Blue Blood and Yellow Backs," which is a "grouch dispenser" with many a long laugh. Sydney Ayers is also presented in a strong story entitled "The Honor of Kenneth McGrath."

For Sunday and Monday, Mary Fuller will be presented in a three-act special feature, entitled "Circus Mary," a drama of the sawdust ring. She is assisted by Matt Moore and a big cast of Universal stars. Billie Ritchie, the king of comedians, is in the line light in a two-part laugh-provoker entitled "A Doomed Hero." Frances Nelson is also featured in a strong one-act drama, "The Wrong Label."

For Tuesday and Wednesday the eminent English comedy star, Lawrence D'Orsay, will be presented in the funniest of all Broadway successes, "The Earl of Pawtucket," a pure comedy, all laugh, in five great parts.

"THE SPORTING DUCHESS" with popular Rose Coghlan in the title role is unquestionably the most fascinating photoplay of sporting life ever shown. Always absorbingly interesting when acted upon the stage, "The Sporting Duchess" is doubly gripping on the screen because of the added features that are impossible of reproduction in an ordinary theatre. One of these is a thrilling horse race. But even without the great race track setting, the story itself is a powerful one and gives unlimited scope to a company of rare skill. And such a cast has been selected with none other than the widely celebrated star, Rose Coghlan, in the stellar role. At Clune's, Monday and Tuesday.

COUNTY CULLINGS

From the Exchanges

Anaheim Not Slow

Anaheim Plain Dealer: When J. C. Metzgar, secretary of the Associated Chambers of Commerce delivered the blank harbor petitions to Secretary Luckworth of the Board of Trade and F. C. Krause, little did he expect that the required number of signatures would be obtained. Things were different, and the Mother Colony again proven to be a live one by furnishing 350 names instead of the expected number, 250. Those who circulated them stated that they experienced no trouble in getting the people to sign them.

May Raise Rate

Fullerton Tribune: Application has been made by La Habra Domestic Water company of the State Railroad commission to increase its water rates by 10 cents per 100 cubic feet for all water sold to one consumer in excess of 6000 gallons a month. The company also desires to charge small consumers 4 cents for 100 gallons of water.

Seriously Bitten By Dog

Anaheim Plain Dealer: Wednesday, on the premises of Burton Heald, F. R. McGee, an engineer of the Asphalt Oil & Refining Co., of Los Angeles, was bitten by a vicious dog. Mr. McGee promptly had the wound cauterized, but feels uneasy about possible complications, heightened because of the month being August and the appearance of the dog which is afflicted with bad eyes.

Kicked By Horse

Anaheim Plain Dealer: Kicked by a young horse which he was driving, Jud H. Holgate, of the California Wine company, is confined to his bed with a broken collar bone and dislocated wrist as the result of the accident. He is getting along as well as can be expected but suffers much pain from the injuries.

Inspecting Walnut Crop

Anaheim Plain Dealer: W. M. Smith of Santa Ana, purchasing agent for Guggenheimer & Co., with headquarters at the county seat, was here several days this week inspecting orchard crops of walnuts with a view of contracting to purchase the crops for his company.

A Brave Daughter

Huntington Beach News: C. D. Heartwell has in his real estate office the skin of a big rattlesnake, which he received in his mail. The snake was killed by his daughter, Mrs. E. L. Payne, of Summit, with a rifle a short time ago.

Alligator by Mail

Huntington Beach News: Mrs. J. T. Reed received in her mail Thursday morning an alligator, mailed by Mrs. Kitty Sager of Grand Forks, Florida. However, the alligator is not alive, but is a mounted one, and was quite young when captured.

Test for Fire Laddies

Orange News: Fire Chief W. E. Clement prepared a ruse to test the fire company. He built a big pile of trash and kindling near the Griffith lumber yard and then set it ablaze. The firemen responded to the alarm with some very fast work, thinking they were going to a real fire.

Will Hunt Deer

Orange News: A party of local nimrods, including Guy Ford, Roy Ford, Leon Shadel and Carl Pister, will leave Sunday evening for the distant mountains to hunt deer for several days.

Snake Loses Life

Orange News: Dr. Gerald Farwell killed a rattlesnake Thursday evening at the top of the El Modena grade while on his way to Camptonville with Mr. and Mrs. Earl Farwell, Ed. Ward and Ed Bertman. The snake had eight rattles and a button.

Varnish in His Hair

Orange News: Telling him that it was peroxide, somebody handed a bottle of furniture varnish to "Dude," the major domo of Manatt's barber shop, the other day. Under the impression that the liquid would bleach his locks to a brassy hue "lak dose down to Bulboa." Dude gave his conk a liberal application and rubbed it in well.

The results were far from desirable. Instead of turning yellow his head took on all the beauty and perfume of a pot of glue. Dude finally became impatient, grabbed a razor and shaved his pate. In his haste he nearly scalped himself.

WILL SHOW SPOILERS AT THE PRINCESS

"Go ahead," said W. N. Selig, when it was decided to filmize "The Spoilers." "Use what money and time are required to make the supreme American photoplay. Spare nothing."

The result is shown in the nine-reel drama to be shown at the Princess Theater two days, starting Monday. Rex Beach's novel has been reproduced in a way impossible to any other form of art. It is vital from start to finish. Love, courage, determination, ambition, deceit, brutality, hand-to-hand encounters by desperate men for desperate measures, corrupt courts and the law of primal rights in fierce clash; these are some of the elements that keep the suspense at high tension from start to finish. There are nine reels, hundreds of scenes and thousands of incidents graphically portrayed. The acting is vigorous, life-like and tells a vital American story in a tremendously vital way.

AMUSEMENTS

Guy Bates Post in "Omar, the Tentmaker"

Guy Bates Post will play a night's engagement at the Grand Opera House, Thursday, September 2, in Richard Walton Tully's sumptuous Persian love-play, "Omar, the Tentmaker." The entire original cast and spectacular scenic equipment will be brought here intact.

Mr. Tully has based the action of his play upon the life, times and Rumi of the genial Persian poet and mystic of the eleventh century, Omar Khayyam. During the course of the action Omar speaks nearly all of the best known quatrains. Yet the play contains no shred of literary pedantry. On the contrary, it is swift moving and compact with thrilling realism.

Briefly, the play recounts the wonderful love-life and picturesque wanderings of one of the most romantic figures in the world's history. Omar Khayyam, the great Persian poet, mystic and epicurean of the eleventh century, shares in immortal kinship the spirit of Dante, the Italian, and Francois Villon, the first poet of France. How Omar wooed the beautiful Shiraz in the glowing flower garden at sunset; how he remained faithful to her through stressful years; how he sought and found and lost and found again his happiness; how he sang of the grape and love and joy in eternal quatrains; how he defied bigotry, suffered unspicable tortures, delved into the basic riddles of human existence, have all been skillfully commingled in the most entrancing romance of modern times.

BRAKEMAN WAS CURED

—F. A. Wootsey, a railroad brakeman of Jacksonville, Texas, writes: "I was down with kidney trouble and rheumatism so bad I could hardly get up when I sat down. I had a backache all the time and was almost tired of living. I saw Foley Pils advertised. I took some and after a short time I was thoroughly cured and am having no more troubles." They act promptly and help kidney throw poisonous waste products out of the blood. Thousands have written similar letters. Rowley Drug Co.—Advertisement.

GROCETERIA FOR SANTA ANA IS VERY LATEST

Santa Ana is to have a groceteria. What is a groceteria? Well, a groceteria bears the same relation to the good old-fashioned grocery that a cafeteria does to a cafe or restaurant. It's a grocery where all goods are conveniently arranged and the selling price marked plainly so customers can wait on themselves.

Gerrard Bros., proprietors of the Triangle Market, will give to Santa Ana its first groceteria. This firm was one of the first in Santa Ana to adopt the "no credit and no delivery" system some four years ago, and now they propose to go a step further and let customers wait on themselves.

The plan of the groceteria though new in Santa Ana has been tried out in other places and found to work very satisfactorily. The principal advantage claimed for the groceteria from the store's standpoint is the saving in clerk hire.

Gerrard Bros. are fixing up the room at 314 West Fourth street for their groceteria and will move into it about September 1. Long counters and shelving on which goods will be placed, each article with the price marked on it, are being installed. Customers will be given a tray, cafeteria style, and when they have selected the articles they wish to purchase, they pass on to the cashier's desk, where their purchases are checked and paid for.

Pomona, Venice, Los Angeles and Riverside have groceterias that are said to be making a success of this plan of conducting a grocery.

NEW BUILDINGS BEING BUILT AT TUSTIN

The bicycle house which was used in connection with the old school building has been purchased by P. H. Ebel and moved to a lot at the side of his home on Third street. It is now rapidly being transformed into a convenient four-room dwelling.

Mr. and Mrs. Roy Johnson will soon have finished a new modern five-room dwelling on their ranch on McFadden street.

P. T. Adams is preparing to improve and remodel his home, which is one of the pioneer two-story residences of this section.

BUSINESS CHANGES MADE ABOUT TUSTIN

E. F. Diller of Redlands has purchased the Tustin meat market from the former owners, Wineman & Gerard.

Instead of handling other commodities Mr. Diller will confine himself strictly to the meat business. The store has been thoroughly renewed with white paint and presents a neat and clean appearance.

G. W. Decker, formerly of the firm of the Tustin Hardware Company, has taken charge of the office of the Pendleton Lumber Company. Mr. Decker will continue to reside in Santa Ana for the present.

The Tustin Sutorium has moved its quarters from the barber shop and is now located in the store building just east of the meat market.

THE COUNTY HIGHWAY PAVING IS STARTED

County highway work was started Wednesday on Irvine boulevard. The workers and their families have opened camp on the Halderman place.

AT "THE SYCAMORES"

A most delightful recent occasion and one that was greatly enjoyed by those present was a moonlight picnic supper at the beautiful pioneer home of Mrs. M. E. Phillips.

Mr. and Mrs. J. R. Paine of North Main street, Santa Ana, have been entertaining some eastern friends, and wishing to give them the best time possible, have taken them over Orange county to see its many beauties. As a crowning event they arranged for a moonlight picnic supper under the trees at "The Sycamores" in Tustin, the home of Mrs. Paine's sister, Mrs. Phillips.

The party arrived in several automobiles just at dusk and a lively scene immediately ensued.

A large campfire was lighted and snowy tables were spread. On the campfire the juicy meats for supper were barbecued and on the tables appeared many delicious accessories.

At the end of a private driveway just a few hundred yards from busy, dusty, First street, a spot resembling a primeval forest of spreading sycamores and towering pines, was the romantic place in which the supper was spread and keenly enjoyed.

From the charm of the out-of-doors, the party at last repaired to the house and the remainder of the evening was delightfully spent in readings, music and story-telling.

The members of the happy party were Mr. and Mrs. J. R. Paine, Miss Elizabeth Paine, Miss Elizabeth Easton of Santa Ana, Miss Mary Quigley of Colorado Springs, Miss Lucile Shyne of St. Mary's, Kansas, Miss Florence Isaacson, Miss Mary Nealley of Kansas, Misses Vernon and Eugenia Claylor of Riverside, Ralph Davis, Robert Paine, Jr., R. Isaacson, Lester Tubbs, Mr. and Mrs. Ernest Crozier Phillips, Mrs. Violet Crozier, Mrs. V. F. Thompson and little daughter, Florence, and Mrs. M. E. Phillips.

BIRTHDAY PARTY
The birthday of Hayden Squires was celebrated at home last Saturday night and proved to be a very happy occasion for many of his young friends.

The home was tastefully decorated in golden glow and greenery. Lively games both inside and on the lawn afforded a jolly time and later in the evening delicious ice cream and cake were served.

Those who composed the happy party were: Misses Vera Finster, Wilma German, Lillian Martin, Myrtle Bowman, Ada Squires, Thelma Nordstrom and Lois Morgan; Horace Shaffer, Roy Morgan, George Matthews, William Alley, Millard Foster, Albert Ladieu, Hayden and Eddie Squires.

REUNION OF RELATIVES
Mr. and Mrs. U. D. Palmer have as guests this week Mr. and Mrs. D. L. Day of El Centro and Mr. and Mrs. A. H. Olin of Hermosa Beach. They were joined at a dinner party on Wednesday by Mr. and Mrs. R. Palmer and son, M. L. Palmer and H. M. Palmer of Santa Ana.

DEDICATION OF CHAPEL
The Presbyterians who have automobiles will no doubt be interested in the dedication of the new Presbyterian chapel at Laguna Beach, which they are invited to attend on Sunday afternoon at 3 o'clock.

EDITORIAL

RED CROSS DOGS OF WAR

The friends of man have not deserted him in time of stress and need. The horse has borne him into the conflict, and the mule has dragged his guns into position with unflinching accuracy. Even the dog has come to his aid. Of the Red Cross dogs we have heard before, but some new facts of their usefulness and the manner in which they are trained are presented in a circular of the Red Cross Society and prepared by Miss E. Buchenberger.

Thousands have been saved who otherwise would have died of their wounds, while others who were too severely hurt ever to recover, have at least had the comfort of having the Red Cross men, called by the faithful animals, near them in their last hours.

With his last strength the dying soldier will put his arm about the dog, trying with a feeble embrace to express his joy of being found at last. Fastened on the dog's blanket are bandages and flasks of various kinds, so that sometimes the wounded man can care for himself until help comes.

Many would never be found if it were not for these four-footed friends, who are never baffled by difficulties of any kind. Recently one dog saved over a hundred soldiers in one night.

The training of these dogs is very arduous, usually lasting about two months. At the present time there are over 1800 dogs in the field, while others are continually being trained.

This training, plus dog intelligence, achieves remarkable results. So popular have the dogs become that efforts to raise funds for the further expansion of this service are rapidly being organized in Germany on a large scale.

It is wonderful how they find the soldiers. Madly, when once they have found the trail, they rush through the woods, jumping over hedges, unmindful of brambles or broken branches intent upon the command to find the one in need. Then without barking—and this is of the most vital importance to both man and beast—the dog returns to his leader and together they

more hurry with all possible speed to where the waiting patient lies hid from ordinary eyes. The thought that help is near, serves him and patiently he waits until again he feels the cold nozzle; then perhaps his strength relaxes and he knows no more until he finds himself in a hospital with a nurse ever ready to tend all his wants.—Literary Digest.

TUSTIN W. C. T. U.

The midsummer meeting of the Tustin W. C. T. U. was held last Wednesday under the big trees in the school yard.

This was a Mothers' meeting and the young mothers and children were especially invited.

Several family groups gathered before the noon hour, bringing a picnic dinner, which was spread on one of the long tables in the shade of the sycamores and those who came early were fortunate in being able to sample the delicious hot pork and beans to begin with, followed by a variety of sandwiches, salads, rolls and sliced ham, nectarines, peaches, grapes, apples, watermelons, casabas and nuts.

The luncheon over, the children proceeded at once to have a good time. To many of the little ones the school grounds was a new place, the freedom of which they greatly enjoyed.

After a social time additional members of the W. C. T. U. gathered for the afternoon business meeting, which was called to order by the president, Mrs. Sarah Brown.

The meeting opened with singing, followed by the roll call, repeating the pledge and the reading of minutes. Attention was called to the fact that the new state minutes are now on sale at 15 cents each and can be obtained at Temperance headquarters in Los Angeles.

An interesting and forceful article written by Judge Lindsay of Colorado, on Juvenile matters, was read by Mrs. C. A. Mills.

An article on moving pictures read by Mrs. P. H. Ebel was followed by some personal experiences and impressions at picture shows.

A recitation by Mrs. Merigold was amusing and at the same time conveyed a wholesome lesson.

Mrs. McArthur read an interesting article about the National Reform Association, or the Bible in the schools.

The program was in charge of Mrs. W. S. McDougal, who then invited a general discussion of any or all of the topics presented by the different articles, after which the meeting adjourned.

IS SEVERELY BRUISED RESULT OF SMASH BY MOTORBIKE

Duke Squires Injured In An Accident That Occurred Last Wednesday

Duke Squires is still unable to resume his work on account of bruises received last Wednesday afternoon as he was driving home and was thrown from his wagon by a collision with a motorcycle driven by Bud Hanniford.

Mr. Squires in his wagon on the extreme right, the motorcycle and John Crawford and family in an automobile were all going west on First street. An automobile was coming from the opposite direction and Mr. Crawford turned a little to the right to give it room. At the same time the motorcyclist thought he could pass between Mr. Crawford's auto and Mr. Squires' wagon, but failed to pass, hitting the wagon, throwing Mr. Squires out and badly frightening the horse.

Considerable damage was done to the wagon, and Mr. Squires, though unable to walk about, is still suffering from a very sore back and shoulder.

Attended the Meeting
H. A. Wassum, Mr. and Mrs. Jasper Leck, with Dr. and Mrs. Harry Zaiser, represented Tustin at the meeting of the Associated Chambers of Commerce Wednesday night, which was held at the Palisades Hotel overlooking Newport Bay.

They enjoyed to the fullest all the proceedings of the meeting as well as unusually fine banquet which was spread in the beautiful new dining room of the hotel and a lovely moonlight boat ride at the close.

Mr. Wassum extended an invitation to the Associated Chamber to hold their September meeting in Tustin and the invitation was accepted.

ICE CREAM SOCIAL
A delightful time was enjoyed and a substantial profit was realized at the ice cream sale and social held on the lawn at the Advent Christian church last Friday night. A good many are back from summer vacations and enjoyed gathering with the home people again.

THE CLIMBERS
The "Climbers" are taking advantage of the short time of vacation remaining and are spending a part of this week doing scout work out among the hills and canyons.

There were about ten of the boys with their leader, C. A. Marcy, who went out on Wednesday and returned today.

VACATION OVER
The pupils of Miss Louise Long have again resumed their musical studies. A summer of study at Berkeley has been an inspiration to Miss Long and her pupils will no doubt greatly profit by it.

TAKING THE WHOLE ROAD

As the number of the automobiles on the highways is multiplied by the price reductions of the past year or two, the complaints become more than ever numerous of the people who "hog" the whole road.

The owner of his own car, in the great majority of cases, is reasonably careful. It costs him good money, and he has no liking for repair bills.

With hired chauffeurs the case is frequently different. They are young fellows who have often acquired little prudence of their own. They would not have to pay for a new car if their machine was smashed.

Also they acquire a great deal of skill, so that they can turn out the least possible distance, and make the turn at the last possible moment before collision. They come tearing down the middle of the street. Other cars go away out on the side. The speeder keeps rejoicing along in the center of the road, thus abandoned to his sole use, and congratulating himself that his daring operation saved him from losing two seconds by making a curve.

These are the traffic offenders to whom motorcycle officers should pay particular attention. The records of the county show that Orange County's traffic men have been doing good work in picking up just such offenders. The road hogs are generally speeders. They not only disregard the rights of others to the roads, but they also have a contempt for the traffic laws of the state.

The Semi-Weekly Post, published at Orange, has just issued an attractive Progress Edition, the distribution of which is bound to result in excellent advertising for the county, as well as for the city in which it is issued.

YES, THEY ROASTED TODAY; HERE'S HOW THEY COOLED OFF

At that, the temperature wasn't so fierce today. A nice breeze was blowing and nearly every one you met told you that "it isn't nearly as hot today as it was yesterday, is it?" Still, it was noticeable none were wearing their winter overcoats.

S. C. Rand, of Los Angeles, who supervised the free distribution of Red Wing grape juice at the White Cross drug store today, was one of the coolest and most unperturbed individuals in town. He was exceedingly pleased at the avidity with which visitors at the store quaffed the "juice that made Bryan famous."

Rand was ably assisted at the distribution counter by Miss Anita McDonald, who assuaged many a sizzling thirst by handing out the free drinks. Miss McDonald appeared calm, cool and collected.

"How do I keep cool?" asked Mayor Visel. "Very simple. Keep cool mentally and you won't notice the temperature."

Bob Gram at the White Cross store was seen to make many trips to the Red Wing grape juice counter today. There was nothing about his demeanor that suggested suffering from the torridity of the atmosphere.

Mrs. F. H. McElree returned yesterday from Cedar Lodge, near Forest Home, and she finds it such a delightful spot for keeping cool that she expects to return the first of next week, taking her family with her.

Mr. and Mrs. F. P. Nickey and their house guest, Miss M. De Camp, of Minneapolis, left today to seek the cool mountain air above Keen's Camp. They were joined by a party of friends who agreed that Hemet, their home, is far from having an ideal temperature, just now.

Newton Cox absolutely refused to sell electric power appliances today. He journeyed down to the beach and immersed himself in the cooling surf.

Manager L. A. Schlesinger of the West End Theater refused unconditionally to wear either a coat or a vest on the street. He said he spent most of his time at the theater lolling in the breeze of the automatic suction fans.

J. E. Cope of the Cope Electric Company didn't keep cool. He couldn't. He was too busy repairing electric fans and selling new ones.

W. J. Cozad of the Cozad department store wore a broad smile today and scoffed at suggestions that today was a "hot one." Why? Oh, because he came down through Riverside yesterday and had a taste of weather that reminded him of Kansas. Thunder and lightning and a little shower at Riverside made Cozad very glad to get back home.

Fred Ross was one of the coolest individuals to be seen in town today. Following the example of several dozens of other Santa Anans, Fred went about his business sans coat and vest.

Former Mayor Ey went down to Huntington Beach yesterday, crawled under the pier and stayed there until 6 o'clock in the evening. He says he paid the penalty though for when he went home the temperature in his residence seemed to be about unspoken degrees hotter than it really was.

Harvey Gardner was sporting a pair of those new-fangled, rubber-rimmed, tan-colored nose glasses today. Harvey says they serve to keep the glare out of his optics.

L. S. Colvin, Wells Fargo agent, was a sad man today. "If it were any day but Saturday," moaned Colvin, "I certainly would be down at the beach. It is tough to have to stay here and—et cetera, et cetera."

Rev. Paul E. Wright: "How do I keep cool? I don't. I just sweeter and say nothing about it."

When asked how he was "keeping cool," Rev. J. A. Stevenson unconsciously expressed the keynote of his optimistic character by saying: "What's the use of getting hot about it?" To help matters along a bit, Rev. Stevenson went swimming yesterday.

JAMES M'MILLAN ONCE PILOT AT NEWPORT URGES IMPROVEMENT

"I have built that harbor a hundred times." This was the remark made recently by James McMillan when he was asked for his opinion as to whether Newport Bay could be improved so that it would be made practicable for shipping to enter.

McMillan, who during a period of eight years, beginning in 1873, acted in the capacity of pilot for vessels entering the bay, stated that he had looked out over the body of water a considerable number of times and had compared it with other harbors he had visited and had been struck with the great natural advantages that Newport Bay possesses as a harbor.

"It is a wonder to me how the people of Orange county could for so long a time neglect making the improvements," said McMillan. "There are not many counties that are so fortunate as to have a great natural body of water which could at comparatively small expense be made into a harbor."

"I have built that harbor a hundred times in my mind's eye. Comparing the topography of Newport Bay with that of other harbors, I could see just what I would do to make it suitable for ocean-going vessels to enter. I could see just where I would build jetties and wharves and warehouses. Why the movement to improve the bay was not begun long ago I am at a loss to understand."

McMillan, who lives southwest of Bolsa on the Huntington Beach road, still treasures an old memorandum book in which he jotted down considerable data as to tides, depths of the channel under various conditions and other information. These records are convincing proof that there is sufficient water at the mouth of the bay to permit the entrance of vessels drawing a considerable depth of water.

"In recent years I have made investigations at the bay. I have found that there is the same depth in the channel as there was years ago when I was pilot. This proves beyond a doubt that the ebb and flow of tides is constantly scouring the channel."

McMillan says that in the early days, before he became pilot, Newport Bay used to be a favorite rendezvous of several shady sea craft which, when times became too warm for them they would put into the bay and make their way to the upper bay where they would be safely hidden from vessels passing along the coast. According to McMillan an old Portuguese who was known as Manuel told a number of stories of these marauding vessels. Manuel said that the freebooters would make periodical raids along the Mexican coast and return to Newport Bay until times quieted down.

Petitions Progressing
The harbor petitions are being signed up rapidly and the harbor boosters are confident that the required 3000 names will have been secured by the time set, September 1. More than 2000 petitions are now known to have been signed. Three hundred names were turned in from Orange today. No report had been received from Orange at the Associated Chambers of Commerce meeting Wednesday evening.

MAKES PLAIN SOME OBSCURE PASSAGES

This Feature Not Only Interesting, But Instructive to Old and Young Alike

Almost everybody owns a Bible and some have several—sometimes one for each member of the family. But the Register's Bible is different from any other ever published. It is the regular authorized version, to be sure, but is illustrated in a manner that has never before been approached.

There are six hundred subjects selected according to specified verses throughout the volume, and each subject is handled knowingly by some of the world's great artists, the result being an illustrated volume that cannot be excelled.

When Edward W. Bok, the able editor of the Ladies' Home Journal, first saw the New Illustrated Bible, he said that he liked it because everything about it was well done, and it seemed to him to have been done in the right spirit. "The book itself," said Mr. Bok, "has been approached by the annotator with reserve and intelligence, and by its artists with sympathy and knowledge. It has not been made a meaningless picture book. The pictures here serve a distinct purpose. They enrich the text, but they do more; they intelligently explain it, and many hitherto obscure passages will assume to thousands a new meaning through these eye-teaching pictures. Popularizing the Bible is a risky experiment in the hands of many, but it has been a splendid achievement in this case."

Six of these certificates and the small expense item will get you one of the volumes.

"I am thoroughly satisfied with Pahvant Valley"

Western Securities Co.,
711 Hollingsworth Bldg., Los Angeles, Calif.
Gentlemen:

I came to Pahvant Valley one year ago from Nebraska, where I was engaged in farming. I bought 80 acres and I want to say that I am thoroughly satisfied. This is a mighty good country for any farmer. I much prefer it to Nebraska or other farming sections of the Middle West. A man can become independent here, if he has a little something to start with and is willing to work. This land will certainly increase in value. I intend to specialize in sugar beets, for which this is a great country. The soil is rich and the water is cheap. There is money in hogs, alfalfa, sugar beets and grain. The company has treated me fine. I am glad to recommend this land to all farmers who want to succeed.

(Signed) HENRY FREESE.

State of Utah, County of Millard, ss.

Subscribed and sworn to before me this 6th day of July, 1915.

Jerome Tracy, Notary Public.

Pahvant Valley is on the main line of the Salt Lake Railroad in Southwestern Utah—under \$1,000,000 irrigation system. Estimated annual cost of maintenance from 40 to 50 cents per acre

\$70 Per Acre for Land and Perpetual (Gravity) Water Right. **\$25** An Acre Down, Balance in 10 Years.

Why not go to Pahvant Valley and talk direct to Henry Freese and scores of other Pahvant Valley ranchers whose sworn statements you've been reading for the past four months? Go and ask S. H. Thompson why he prefers Pahvant Valley to Southern California. Ask Ludwig Vollhard why he values his land at \$200 an acre. Ask Hy Sherer how his net worth increased from \$1100 to nearly \$10,000 in three years. Ask Fred Rock about the best money-making hog country in the west. Ask F. E. Belston about wheat on his land that ran 72 pounds to the bushel. Ask George Meinhardt about Pahvant Valley sugar beets. Ask S. W. Western about profits in alfalfa seed. Ask all of them about the \$1,000,000 gravity irrigation system—the low cost of water, the healthful climate, transportation facilities, high-priced markets. Go and see why this land sells on sight. Our booklet will be sent upon request. Special excursions at low homeseekers' rates from Los Angeles.

WOMAN'S STUDY CLUB

Members Enjoy Helpful Meeting at the Home of Mrs. Cruthers

Even though the heat was intense, the ladies of the Study Club enjoyed every minute of their meeting yesterday with Mrs. Cruthers.

Following the business session Mrs. Wilson continued the explanation of parliamentary rules, through reading from book of rules and explanations from chart. She also demonstrated the rules through the work of the business meeting just closed, making clear all previous work and adding new material to the list. The work became so interesting that she was asked to continue the subject and the lesson on rules was given twice the time allotted to it. Enough cannot be said in praise of this excellent method of teaching.

Mrs. Hall acted as reader of the lesson study on Education, stopping occasionally to solicit remarks from the different members on the most interesting statements.

To the questions on compulsory education up to a more advanced age than the present one, Mrs. Davis told of Susan Dorsey's method of classifying the children in her schools. She said Mrs. Dorsey gave entrance examinations to all pupils, thus finding out the different studies they were interested in and in which they showed proficiency of more or less marked degree, and allowing them to advance to the grades where their class of work was in active process, not keeping back any pupil on account of failure in one or more classes.

By keeping the child continually advancing in one or more subjects, he naturally gained more power of mind for other studies, not so interesting at first.

To teach by classes rather than by grades; stimulating to advancement, for the love of the work rather than resort to cramming.

Mrs. Wilson answered by reading and discussing a short clipping on education through likes and preferences. She maintained that likings and abilities lie in the same zone. Though desires often came spontaneously, abilities are most often withheld until put in action and must be cultivated.

In selecting vocations for life, a natural tendency is exhibited by most every person. Where this tendency is not followed, but another is cultivated, this one generally crops out as a side issue or fad.

Mrs. Davis read an excellent paper on methods or modes of teaching through powers of the mind, and several other members gave helpful suggestions on teaching children to think for themselves, various ways of directing their education and just methods of punishment.

The next meeting will be held at Birch Park.

Recalled From Furlough

John Stillwell, musician on the Colorado, who arrived Thursday on a ten-day furlough to visit his mother and sister, Mrs. Anna B. Stillwell and Miss Dorothy Stillwell, of 420 East Fifth street, was recalled today to the Colorado, which sails for San Francisco.

Mr. Stillwell will soon be transferred to the San Diego, the flagship of the Pacific fleet.

SURPRISE PARTY

Merry Celebration At Home of A. H. Williams Honors Double Birthday

Mrs. Bessie McCarty, Mrs. R. A. Parker and Miss Mattie Williams were a trio of conspirators who succeeded in planning and carrying out a successful surprise last evening, the victim being the latter's mother, Mrs. A. H. Williams, who had just reached her forty-fifth milestone.

Yesterday also celebrated the fortieth birthday of H. C. Moberly of Orange, who was among the invited guests who arrived at the Williams' home shortly before Mr. and Mrs. Williams returned from their afternoon's work at the furniture store.

The dining table was decorated with fragrant pink carnations and smilax and two delicious pink and white frosted birthday cakes were features of the appetizing dinner.

The evening was pleasantly whiled away with conversation and music.

Pleasant Club Meeting

The D. W. T. Club met at the home of Mrs. J. P. Callahan on Thursday, August 26, and spent a delightful afternoon in spite of the weather. Mrs. Callahan was assisted in entertaining the club by her daughter, Mrs. Edgar Chapman, of Orange.

At the close of the afternoon, delicious home-made ice cream and cake were served and especially appreciated on account of the extreme heat.

The next meeting will be held at the home of Mrs. J. D. Holford on September 9th. Those present at the meeting Thursday were Mesdames Joe Stroupe of Anaheim, Will Jeffries, Chas. Callahan, Andrew Cook, J. P. Callahan and Edgar Chapman, of Orange; F. C. Penn of Cheyenne, Wyo.; Misses Demaris Deardorf, Mima Williams, Viola La Bard, Katie Callahan and Mildred Jeffries, and of course, the babies.

Moore to Have Special Business Meeting

Last night was "initiation" night at Santa Ana Lodge of Moose, but the night was too hot for any of the members who had brought in applications to have their candidates on hand. It was decided to hold a regular session, as there were many matters of great interest to come up for action.

One of these matters was the consideration of a change in their hall. Some were in favor of having a smaller hall to meet in, with a separate room for "club rooms." Others were in favor of getting a hall where the club rooms would be on another floor from that of the meeting place, while still others were of the opinion that the lodge could not do better than to stay right where it was.

The dictator, Dr. F. C. Wright, called a special meeting for next Monday night, at 7:30, when the question will be threshed out, the trustees having a report to make at that meeting. A full attendance is earnestly desired at this special meeting, as the matter is vitally interesting to each and every member.

FOR ORANGE MAIDEN

Delightful Shower at Home of Mrs. A. H. Small, Herald's Interesting Wedding

Miss Gladys Freeman, a popular Orange maiden, whose marriage to James A. Carroll, Jr., of Douglas, Arizona, is to take place next month, was the guest of honor at a delightful affair given last evening at the home of Mrs. A. H. Small, 310 South Flower street.

Hearts was the chosen game of the evening, score cards being decorated with cunning Cupids seated in a wedding ring.

Following the interesting session at cards, the charming honoree was presented with a basket, filled to the brim with lovely miscellaneous gifts which were opened midst a flutter of pleasant excitement.

A delicious three-course collation refreshed the company late in the evening. The dining room was decorated with a profusion of golden glow and from the chandelier, festooned with fluffy yellow tulle, was suspended a saucy kewpie holding strands of yellow satin ribbon leading to each place.

Covers at the prettily-appointed table were marked by tiny nut baskets, the tints of the yellow color scheme being reproduced throughout the serving.

Among those invited to join in this enjoyable event were Misses Gladys and Leona Freeman and Mrs. Jesse Ainsworth of Orange, Mrs. Ed Burns of Anaheim, Mrs. Harry Bengier, Mrs. Arthur Rogers, Mrs. Rankin Price, Mrs. Margaret Berry, Misses Lillian and Lucy Blood of Los Angeles, Mrs. Fred Stewart of Blythe, Misses Lucy Whittlesley and Harriet Jones of Pasadena, Mrs. Gary L. Ball of Heber, Mrs. Charles Mitchell and Mrs. Raymond Freeman of Santa Ana.

Mrs. Fred Stewart of Blythe, Mrs. Harry Berger and Misses Lucy and Lillian Blood of Los Angeles are members of a merry house party at the home of Mrs. A. H. Small and Wednesday, accompanied by the Misses Freeman of Orange and their house guest Misses Lucy Whittlesley and Harriet Jones of Pasadena, the party enjoyed an outing at Balboa.

Mrs. Small's guests will remain over the week-end.

Benefit Dance at Balboa

On next Wednesday evening, September 1, there will be a benefit dance given at the Balboa Pavilion, the proceeds to go into the fund that is being raised for repairing and extending the ocean pier at Balboa. The use of the pavilion is donated for the occasion and the orchestra has agreed to furnish the music without charge. Everybody is invited to attend the dance and help swell the pier fund.

Delightful Motoring Trip

Mrs. S. A. Thomas of Spurgeon street took a party of friends for a trip to Universal City Thursday. Stops were made at Hollywood, at the home of Mrs. Thomas' son, Dr. Chas. Thomas, to view their garden, and, incidentally, to enjoy the grapes from the beautiful arbor which covers their back yard.

One always enjoys seeing things in the making and the party looked over from the visitors' stage, at the Universal City, upon the numerous scenes and realized the brains, time and expense that is consumed in picture production, marveling that the finished product can be enjoyed for such a small sum.

Six films were being worked upon on the main stage, the most important perhaps being "The Deficit," in which Herbert Henley was taking the leading part.

The next part was made at Ocean Park where the party enjoyed dinner; on to Venice and its many attractions with a dip in the briny deep.

The trip back through Los Angeles and home was made in the cool of the evening.

Visit San Diego Fair

Mrs. Victor Montgomery, daughters, Misses Gertrude and Louise Montgomery, accompanied by their cousin, Miss Nannie Hillary Harrison, of Waco, Texas, well-known prose and poetry magazine writer, who has been their guest for the past week, left yesterday for a week-end visit at the San Diego fair.

GAUTEMALAN PROVES TO BE NO LEPER

Joseph Antonio, 55, a Guatemalan, who was found in a cave between Laguna and Arch Beach yesterday evening by Game Warden Thelma and Marshal Clapp of Laguna Beach, and who was supposed to be a leper, was given a thorough examination at the County Hospital this morning by Dr. Harry Zaiser, the examination showing that the man is not a leper but is suffering from a sister disease of leprosy. Antonio was cared for at the hospital and sent on his way.

BULL IN A BUENA PARK GROCERY STORE

BIENA PARK, Aug. 28.—There was a good deal of excitement on the street at Buena Park yesterday afternoon. An outside rancher and a number of employees brought a "band" of cattle through the main street of the city on the way to the Los Anamitos sugar factory. A wild bull became excited and poked his horns through a grocery store window and started to enter a drug store, but was headed off. Constable Jaynes impounded the animal and the owner left word to shoot the bull if he broke loose.

Personals

Mr. and Mrs. C. W. Raney and son Neal, of 1013 North Main street, have returned home after a two weeks' vacation spent at the exposition at San Francisco.

Miss M. A. De Camp of Minneapolis, who has returned from attending the N. E. A. convention and San Francisco exposition, is the guest of Mr. and Mrs. F. P. Nicky, who left today for a ten days' stay in the mountains above Keen's Camp.

Andrew Cock, of the San Joaquin Fruit Company, is looking forward to a visit from his father's brother and wife, Mr. and Mrs. L. I. Cock, of Jackson, Miss., who are at present visiting Mr. and Mrs. L. A. Cock, of Tustin. It is the first time they have been to California for sixteen or seventeen years and they both speak of the many changes they see. They expect to visit both expositions before returning to Mississippi.

Mrs. J. D. Holford, accompanied by her little daughter, Willita, left on Thursday morning for Murietta Hot Springs on a visit to her husband, who is at the Springs for his health. She expects to return Monday evening. The family has had very encouraging reports from Mr. Holford, who is fast regaining his health.

Mr. and Mrs. Aker of Vermillion, Kan., arrived yesterday afternoon to visit their nephew, H. E. Smith.

Mrs. F. H. McElree has returned from a rest at Cedar Lodge, near Forest Home, and her many friends will be glad to hear that she is feeling better, despite the hot weather and tiresome trip. She expects to return next Tuesday accompanied by her family, for a week's stay.

Mrs. Mollie Freed of Los Angeles and Mrs. Jennie Ash of Colorado, are visiting Thos. Ash and family at their home, 437 South Sycamore street. Mrs. Jennie Ash, who has been absent from California about ten years, is desirous of making her stay permanent in this state. Both ladies are well pleased with Santa Ana.

Mr. and Mrs. U. N. Oliver have returned from a delightful three weeks' trip to the San Francisco exposition.

Miss Berdenia Henry left yesterday for Camp Point Illinois, to attend the wedding of her niece, Miss Reba Henry, of Camp Point to Mr. Roselle Long. Miss Henry will be absent three weeks.

Mrs. Stella Irvine, state president of the W. C. T. U. of Riverside, and Mrs. Hattie M. Doughty, state secretary of the Young People's branch of Los Angeles, also her daughter, Miss Luella Doughty, state superintendent of music for the Y. P. B., have been entertained at the home of Mrs. F. J. Rogers, during the state convention of the Y. P. B., Thursday and Friday.

Mr. and Mrs. G. P. Hill returned this morning from San Francisco where they have spent the past week attending the exposition. Wednesday Miss Viola Hill sailed on the Mongolia for Nippon, China, her parents seeing her safely off on her ocean voyage.

Mr. and Mrs. W. G. Gould and Misses Norma Wingood sailed yesterday on the Harvard for San Francisco. Booked by the Salt Lake Company.

SPANISH VETERAN LIGHTS DYNAMITE UNDER HIS HEAD

RIVERSIDE, Aug. 28.—R. R. Case, aged thirty-eight, a Spanish war veteran, committed suicide today in Tin Mine canyon near Corona. He lit a stick of dynamite fuse with his cigar and placed the explosive under his head. The explosion decapitated him. He left a note addressed to Mrs. Cora Bennett, his employer, saying that she would know why he had taken his own life.

NEWS BUDGET OF GARDEN GROVE

GARDEN GROVE, Aug. 28.—Mrs. McElree and Mrs. Hatcher attended the Ohio picnic at Long Beach Thursday.

Charles J. Maier died at the County Hospital Thursday.

Mr. and Mrs. Willard Cain have gone to Laguna where they will spend a week with Mr. and Mrs. Maurice McElree.

Mrs. Milo Harris of Long Beach is visiting her sister, Miss Lila Craul.

Mrs. W. H. Reed, who has been visiting in Santa Ana for the past three weeks, returned to her home here Thursday.

Miss Edie Applebury is visiting her sister, Mrs. Jackson, in Long Beach.

W. D. Junkin and family, with Miss Marian Turner, started by machine for Bear Valley Friday. They expect to be gone at least a week and camp there.

Dr. C. C. Violet reached home from his desert trip Friday morning about 3:30 o'clock. He left Barstow Thursday afternoon just in time to be caught in the rain storm. In attempting to ford a creek about ten miles this side of Barstow, his machine sank in the quicksand and before it was finally pulled out, water was running over the back of the machine. Many of the roads in that section were washed out.

Mrs. Estelle Harper, Miss Mildred Harper, Mrs. Cook, Mrs. Waltz, Mrs. Castleman, Grace Steele and Miss Olive Northeross attended the state Y. P. B. convention in Santa Ana Friday.

Owing to the unusual heat of yesterday the ice business was quite profitable. Jack Jentges sold very close to a ton of ice during the day.

Tuesday night about twenty-five of the neighbors and friends of Mr. and Mrs. Sandman surprised them in their new home on Aescia street. The evening was pleasantly passed in games and conversation. Delicious refreshments of sherbet, cake and wafers were served late in the evening.

NIGHT RIDERS WHO PLEADED GUILTY ARE SENTENCED

HARTFORD, Ky., Aug. 28.—Three men who pleaded guilty in Ohio County Circuit Court to being members of a band of nightriders, who for months spread terror throughout this section of western Kentucky, today are serving sentences in the state prison. One other yesterday was acquitted by a jury and sixty-six defendants are awaiting trial.

Ephraim Reisinger, a coal miner, admitted that he pled the lash when Reuben Howard, a merchant, and his wife were whipped at Horton, the night of June 12. He sought to secure a three-year sentence, as Jerry Clark and Ernest Webster, who participated in the whipping, had done earlier in the week. State's Attorney Rinko, however, refused a compromise and insisted that a five-year sentence be imposed.

Howard testified he and Mrs. Howard were whipped until they bled. He said the reason given him for his beating was lack of industry.

LOS ANGELES PRODUCE MARKET

Business in the produce market was dull and featureless yesterday and the trade are buying just enough to take care of their immediate requirements. Crabapples are becoming more scarce every day and the price was boosted Friday to \$1.25 a box. Other varieties are in plentiful supply and prices rule low. Clingstone peaches showed more firmness and the quotation was advanced to \$1.00 a box. Black Diamond plums arrived from the north yesterday and were offered to the general public at \$1.25 a lug. The plum season is rapidly waning and it will not be many more days before almost all varieties will be completely off the market. No marked changes have been noticed of late in the green vegetable list with the exception of okra and Hubbard squash, which are both on a lower level. The tomato market has strengthened perceptibly during the last week and it is no longer possible to secure choice stock at the bargain prices prevalent a month ago.

There was no activity on the Produce Exchange yesterday and prices of eggs and butter remained unchanged. San Francisco quotations were also unaltered.

CURRENT PRICES

[The following market prices on poultry and eggs, fruits and vegetables are compiled daily for the Register, based on the quotations prevailing on the Los Angeles produce exchange for the requirements of preceding. Every effort is made to keep these quotations accurate and down to the latest possible available figures.]

Our Gift to you of this \$5 Bible

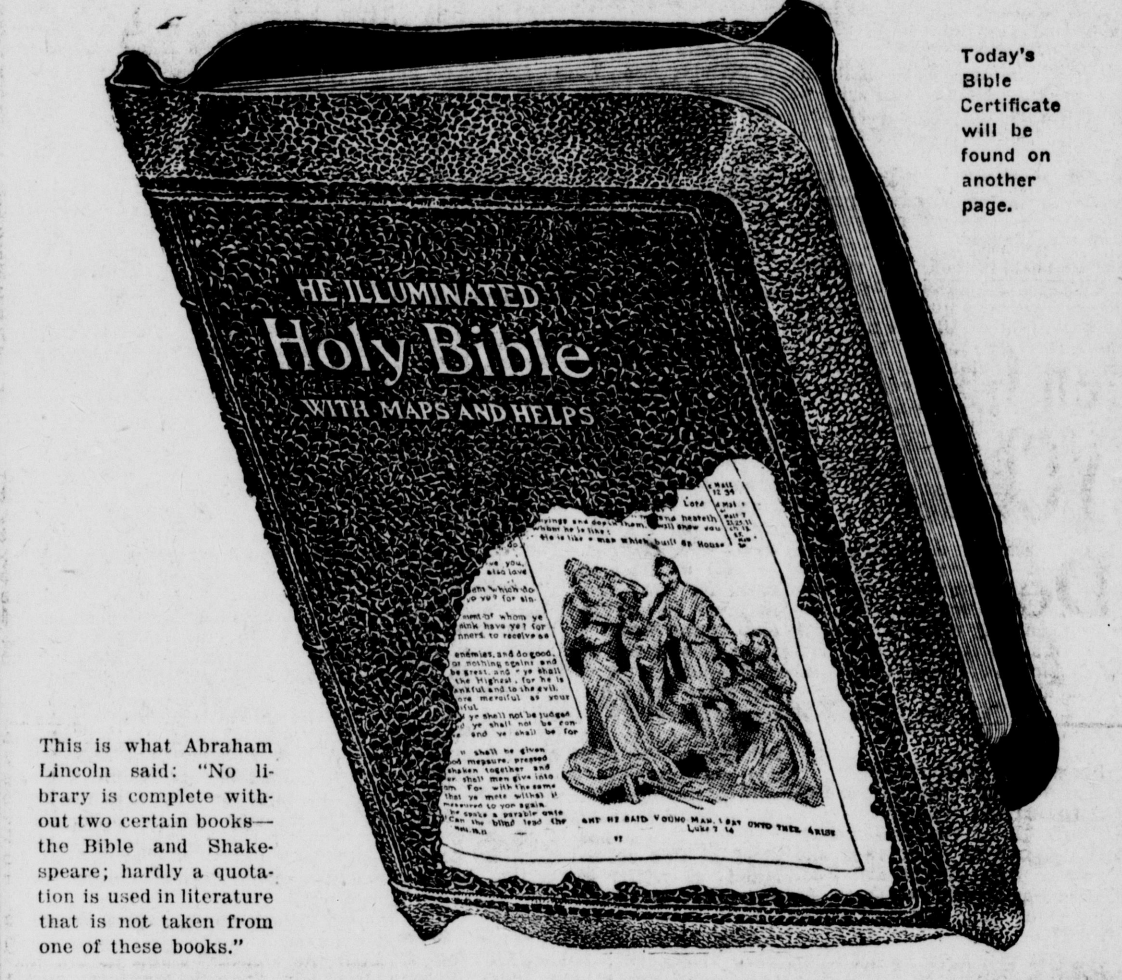

No difference how many Bibles you now have, this one MAKES PLAIN the subjects by pictures printed with the type; so of all others, this is the USEFUL Bible for all. PRESENTED by the

Santa Ana Register

to its readers, who will ever be grateful for the opportunity offered by this grand educational distribution.

In addition to the 600 beautiful text illustrations are full page plates of the famous Tisot pictures in handsome colors. As Edward K. Bok, editor of the Ladies' Home Journal, says: "This Bible is not a meaningless picture book. The illustrations serve a distinct purpose. They enrich the text, but they do more—they intelligently EXPLAIN it, so that many a hitherto obscure passage assumes to thousands a new meaning through these eye-teaching pictures."

You will enjoy this Bible, whether you belong to the church or not, for its "eye-teaching" pictures make it of rare educational value to all.

HERMAN OELRICHS' CASSANDRA STOLEN ONE MAN ARRESTED

NEW YORK, Aug. 28.—After a long automobile pursuit by Herman Oelrichs and Inspector Tobin of the Newport police, a man who said that he was George B. Assley, was arrested at Guilford, Conn., yesterday charged with the theft of Mr. Oelrichs' speed yacht Cassandra.

The Cassandra was stolen from Newport harbor and her owner and the inspector followed her along the sound until the thief put into shore.

The yacht is extremely fast, and it necessitated swift driving to overtake her.

SUSPECT ARRESTED IN PASTOR'S MURDER

GARY, Ind., Aug. 28.—The arrest of Thomas Modjesch, an inspector in the Gary steel mills, and a statement by State's Attorney Clyde Hunter that the minister was killed by a bullet from his own revolver were the only developments in the investigation of the murder Tuesday night of the Rev. Edmund A. M. Kayser at Tolletson, Ind.

The State's Attorney said a quarrel over business matters probably furnished a motive for the crime.

GARY, Ind., Aug. 28.—A new angle has arisen in the investigation of the murder of Rev. Edmund Kayser. Otto Kraemer, an employee of the Aetna Powder Co., told the police that a stranger had offered him \$1500 to blow up the plants and the gun cotton shed. This report has again aroused the belief that Kayser was killed because he was so actively "anti-ally."

HELD AS LEADER IN AN INCENDIARY RING

PORTLAND, Aug. 28.—Sanford Currier, alleged by the police to be the head of an arson ring operating in Seattle, San Francisco and Portland, was arrested here yesterday and held under \$20,000 bond by the State Circuit Court.

According to Fire Marshall Jay Stevens the alleged arson ring is responsible for fire damage amounting to several hundred thousand dollars in Pacific coast cities.

Two others, it became known today, are being held in custody. Grant Hawley, one of the alleged gang, was arrested several days ago. Currier's divorced wife was arrested Thursday.

AT THE COURT HOUSE SUE FOR \$2500 ON A BREACH OF CONTRACT

Complaint for breach of contract has been filed by Attorney Edward K. Milliken for H. M. Parsons and J. Tome Webb, against Francis E. Crawford and his wife, Elsie V. Crawford, who live at El Modena.

The complaint alleges that about November 25, 1913, the defendants agreed to convey a lot in Beverly Hills, Los Angeles county, and a lot in the Orange Park tract, San Bernardino county, for a house and lot in Pasadena. According to the complaint the defendants delivered the deed of the Beverly Hills property but did not deliver the deed of the Orange Park tract lot. Crawford and his wife are alleged to have taken possession of the house and lot at Pasadena. The plaintiffs are suing for \$2500 and interest at 7 per cent from December 15, 1913.

Interlocutory Decree

Judge W. H. Thomas, in Department Two of the Superior Court, yesterday evening granted an interlocutory decree of divorce to Eva E. Yung from Ed Yung. Lee Daniel appeared as attorney for the plaintiff.

Answer to Petition

The answer of William E. Cook to the petition of J. H. Higgins for probate of will and letters of administration in the estate of Jane Boylan Cook was filed today. The husband alleges that under the law he is entitled to a share in the estate, which is valued at about \$200, and to be appointed administrator. Cook denies that the deceased left any will but admits she wrote several letters, attached to the petition of Higgins. Cook also alleges she wrote a letter to Cook in which she gave instructions as to burial and gave directions as to the disposal of certain of her property in case she

THE DYSPEPTIC

A Few Pertinent Suggestions For Sufferers From Digestive Ailments

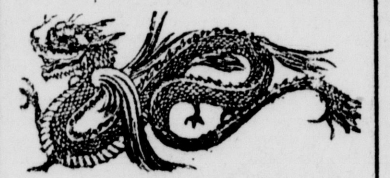

Hardly any class of sufferers in this world is more in need of sympathy than those afflicted with dyspepsia. Some relief from this depressing ailment can be obtained by temporary fasting—but only at the expense of strength.

A much better way is to take special pains with the diet, cutting out injurious drinks and heavy foods, and using a light, easily digested article of diet, such as malted milk, instead.

But there is a great difference in malted milks—and satisfactory results cannot be expected with inferior brands. One cannot go wrong in insisting upon "Borden's Malted Milk in the Square Package"—put up by the same people who have made the Borden's Eagle Brand of Condensed Milk a household word throughout the world.

As evidence of its superiority over all other brands, Borden's Malted Milk has just been awarded "The Grand Prize" at the San Francisco Exposition—the highest possible award—and it is the only malted milk to be had at the soda fountain concessions at both expositions.

Do not put up with substitutes, but insist upon the best—"Borden's Malted Milk in the Square Package." At all modern druggists.—Advertisement.

IN THE JUSTICE COURT

MARAJUANA GROWERS GIVEN WARNING BY JUSTICE

Growers of marajuana weed, sometimes called Indian hemp and oftentimes called Mexican dope weed, had better look a little into Justice Cox's determination to enforce the new county ordinance which says that marajuana shall not be grown in the county. However, Justice Cox is going to be fair about it. He says that the marajuana growers will be given a reasonable time in which to become cognizant of the fact that there is a law against growing the weed. When this reasonable time has elapsed of fenders will be dealt with to the fullest extent of the law.

This morning Pedro Rodriguez, who lives on Lincoln street, was before Justice Cox on a charge of growing marajuana. Rodriguez pleaded guilty. He was given a thirty-day suspended sentence.

"I want you to see to it that your clumps of marajuana weed are taken out and destroyed," warned Justice Cox. "And I want you to tell your friends who are raising the stuff to destroy it. If they don't the officers will be on the job."

No-Fund Check

H. S. Kako, a Japanese who lives near Smelter, gave a check of his a check for \$95 last February. The friend found that Kako had no money in the bank. Yesterday the friend complained. Sheriff Jackson went to Smelter and arrested Kako. In Justice Cox's court Kako promised to make good the check. Kako was released on his own recognizance.

HUGE INHERITANCE TAX ON ESTATE

ST. PAUL, Aug. 28.—The report that the State of Minnesota hopes to collect a large inheritance tax from the estate of the late Frederick Weyerhaeuser, lumber king, was confirmed today by the attorney general's office.

It was stated that the amount the state may realize approaches \$600,000, based on an estate of \$30,000,000.

CONDUCTS ARTILLERY SEIGE IN HOME

Uvald Caro, who lives near the Anaheim Sugar Company's factory, conducted a bombardment at his home last night and early this morning. The artillery employed by Caro was a 45-caliber revolver. Caro's range finding abilities, despite his having consumed a vast quantity of spirituous liquors, was good, as the perforated condition of a number of mirrors and other furniture in his home will testify.

Under Sheriff Iman, who took Caro into custody shortly before noon today, states that the havoc wrought by Caro's gun is terrible. Every mirror in the house is shattered and nearly every piece of furniture is filled with bullet holes.

Caro kept his wife in a constant state of terror last night, according to neighbors. That Mrs. Caro is alive today, she considers a miracle.

Under Sheriff Iman found no trace of Caro's revolver.

HAYTI GETS TIME TO ACCEPT TREATY

WASHINGTON, Aug. 28.—The Haitian Congress is to be given ample time to consider the proposed treaty that will place its financial affairs in the hands of agents of this government. The Congress will adjourn September 17 and the very strong intimation has been given to the Haitian officials that ratification of the convention must be had by that time.

winter comes. Overwhelming masses of men and guns are massed in the Vilna region. Von Hindenburg is directing his efforts to cut off the retreat.

Russia is now raising a new army of two million men to contest the Teutonic advance beyond Dvinsk, the line where the Slavs have planned to make a stand. Dispatches would indicate that the Germans are capturing comparatively few prisoners or munitions. The Russians are devastating the country and are dynamiting towns, bridges and forts, burning crops and farm buildings as they retreat.

RIVAL AIRSHIPS IN ATMOSPHERIC STRIFE KILL AND MAIM

PARIS, Aug. 28.—The French flying squadron is now guarding Paris and last night frustrated an attempt of four German aeroplanes to raid the city.

In the battle in mid-air one of the German machines was wrecked. The pilot and observer were killed. Their charred bodies were found in the wreckage. The German aeroplanes were sighted approaching the northern city limits. Following the battle one of them fled over Montigny, dropping bombs. There was very slight damage done.

EDUCATORS WANT MORE SCHOOL FUNDS

OAKLAND, Aug. 28.—The regular session of the third annual International Congress of Education and the fifty-third annual convention of the National Education Association closed today after twelve days of deliberations, with a business meeting at the Oakland municipal auditorium.

The need of increased funds for school work was set forth.

MOTORMAN HURT CLINGING TO JOB

LOS ANGELES, Aug. 28.—In a remarkable track accident in which no one was seriously injured, in spite of heavy damage, a Griffin avenue car yesterday collided at Twelfth and Santee streets with a truck of the California Truck Company, driven by L. A. Standish, 630 South Grand avenue.

The car, east-bound, struck the loaded trailer of the motor truck and threw it into the air.

LETTER WITHOUT SIGNATURE VALID

SAN FRANCISCO, Aug. 28.—An unsigned letter, said to have been written by the late John M. Keith of Bakersfield, in which it was stated Keith left \$150,000 to the University of California, was declared today to be a valid instrument by Judge James V. Coffey in the probate department of the Superior Court.

Distribution of the estate was complicated further recently by the allegation of Mrs. Louise Thomson of Los Angeles that she was a daughter of Keith, whom he supposed was shipwrecked and lost during a voyage with him to Alaska many years ago.

Enrollments are now active at the Orange County Business College.

SUCCESSFUL TEST OF SUBMARINE

NEW LONDON, Conn., Aug. 28.—The submarine D-1 which arrived Wednesday from Newport was submerged successfully for a distance of 200 feet off Bartlett Reef yesterday. The monitor Tonopah acted as tender. All tests of the submarine were satisfactory.

MAY MERE MEN WEAR THE WHIST WATCHES

NEW YORK, Aug. 28.—The jewelers' Association convention today is deciding the fate of the men's wrist watch. They are undecided whether to condemn the fashion or not. When asked for her opinion on the subject, Mrs. Julian Heath, president of the Housewives' League, replied: "The first time I saw a wrist watch man, I looked close to see if his hair was naturally curly."
